

2023 Cedar Lane Vineyard Pinot Noir

Vineyard:

Cedar Lane Vineyard is located in the Arroyo Seco River drainage on the eastern side of the Santa Lucia Range, west of the town of Greenfield. The soils are predominately sandy with prominent amounts of granite river rocks dotting the rows. This wine is a field blend of the 4 clones grown at this site, 114,115,667, and 777.

Winemaking:

Hand harvested fruit is fully destemmed and left to start fermentation naturally. After an approximately 15 day maceration the wine is pressed off to barrel, approximately 15% new. The wine underwent 5 months of barrel aging prior to bottling.

Tasting Notes:

Bing cherry and strawberry aromas are wrapped in oak spice and flinty rocks on the nose of this wine. There's a tart cranberry kick to the palate, where peppercorn, wild thyme and caramel touches arise toward the finish.

VINEYARD	Cedar Lane Vineyard (Arroyo Seco AVA)
CASES PRODUCED	600
VARIETAL	Pinot Noir
HARVEST DATE	October 2 nd 2023
